Conference Logistics

Refund and Cancellation Policy WSU must receive written notification of any cancelled registration on or before March 20, 2009. An administrative fee of \$100 will be charged. Cancellations received after March 20 are not refundable. Please fax all cancellations to 509-335-7781. Phone cancellations will not be accepted. Substitutions are welcome at any time. No-shows are responsible for the full registration fee.

Continuing Education

Sixteen CONTINUING EDUCATION UNITS (CEUs) are available from Western Washington University. Contact 360-650-3650 to make arrangements. Washington State Clock Hours will be available at the conference.

Special Accommodations/Americans with Disabilities Act (ADA)

Accommodations for individuals who qualify under the Americans with Disabilities Act are available upon request at least 10 days before the event by calling 253-445-4575 or by faxing 253-445-4633. Vegetarian or special meals may also be requested.

Greater Tacoma Convention and Trade Center 1500 Broadway, Tacoma, WA 98402

The GTCTC is located in downtown Tacoma at 1500 Broadway, which is located in western Washington approximately 18 miles south of SeaTac International Airport. The local telephone number is **253-830-6601**. Driving directions are available on the center's Web site: www.tacomaconventioncenter.com.

Tacoma's Free Light Rail Train

Tacoma offers a free light rail train service which runs throughout the downtown corridor and connects with the Sounder train for quick and convenient transportation to/from Seattle. The light rail train runs every ten minutes, Monday - Friday from 6:00 a.m. - 8:00 p.m., Saturday from 8:00 a.m. - 10:00 p.m., and Sunday from 10:00 a.m. - 8:00 p.m. A convention center light rail stop is located just outside the first floor of the facility (on Commerce Street) for convenient access throughout downtown Tacoma. (The light rail system is operated by Sound Transit: www.soundtransit.org.)

Parking

The GTCTC's parking lots accommodate a total of 670 parking spaces (450 in the covered 2nd floor parking garage). Nearby garages and lots including and surrounding the GTCTC can accommodate a total of 1150 vehicles (lots A, D, E, on map). These parking lots can be accessed off Market and 17th Street. On site parking lots are operated by Republic Parking and managed by the City of Tacoma. Additional parking is also available at the Tacoma Dome Station which can be accessed via Sound Transit's light rail system (complimentary), with a pick-up and drop-off station at the Greater Tacoma Convention and Trade Center.

Parking rates follow and are subject to change at any time: \$5 (0–4 hours); \$10 (4+ hours)

Hotel Information

Rooms have been blocked at the Hotel Murano (formerly the Sheraton Tacoma), which is located one block from the Convention Center.

2009 PARTNERS IN EMERGENCY PREPAREDNESS CONFERENCE!

Why You Should Attend

Effective emergency management can only be accomplished through partnerships. This conference offers you the opportunity to develop those relationships and gain necessary information to fulfill your preparedness needs, to understand the importance of preparedness education and planning, and to meet your future partners in preparedness. This is the largest and most successful regional emergency preparedness conference in the Pacific Northwestattracting individuals representing government, the non-profit sector, businesses, schools, volunteers, and emergency management professionals.

Featured at Partners in Emergency Preparedness 2009

W Keynote Speaker: Adam Crowe, Johnson County (KS) Emergency Management

m Crowe is a Certified Emergency Manager (CEM) who is the President of the Partnership for Emergency Planning (PEPKC) in the Greater Kansas City area. He also serves as the Assistant Director of Community Preparedness for Johnson County (KS) Office of Emergency Management & Homeland Security. TUESDAY Plenary Speaker:

Andy Wappler, Puget Sound Energy

Andy Wappler joined Puget Sound Energy in February 2008 as part of the utility's effort to communicate the need for renewable energy and energy efficiency in order to meet the challenge of climate change.

Certified by the American Meteorological Society, he is a graduate of the University of Washington and of Northwestern University.

By making some simple changes at home, he and his family have cut their electricity use by nearly 40 percent, and their natural gas use by as much as 10 percent.

Y Plenary Speakers:

Philip Mote, State Climatologist; Vali Hawkins Mitchell; ImproVision Consulting, LLP

Dr. Philip Mote is a research scientist at the University of Washington in the Climate Impacts Group, and an Affiliate Professor in the Department of Atmospheric Sciences. His research interests include Northwest climate and its effects on snowpack, streamflow, and forest fires. A frequent public speaker, he has also written over 70 scientific articles and edited a book on climate modeling, published in 2000. In 2003 he became the Washington State Climatologist. He served as a lead

author of the Fourth Assessment Report of the Intergovernmental Panel on Climate Change released in 2007, and was honored with a share of the 2007 Nobel Peace Prize which was awarded to the many scientists worldwide who contributed to the Intergovernmental Panel on Climate Change.

Philip studied at the University Of Washington in Seattle, Washington, where he received his Ph.D. in Atmospheric Sciences in 1994. He previously attended Harvard University in Cambridge, Massachusetts, and earned a B.A. with Honors in Physics in 1987. His research experience comprises research at IISAO/SMA Climate Impacts Group, University of Washington Scientist Climate variability and change, description and impacts; public outreach, interdisciplinary research (1/98-present); Consultant at Northwest Research Associates Bellevue, WA, Dynamics of the stratosphere and upper troposphere (7/98-present); Research at NorthWest Research Associates Bellevue, WA, Scientist Dynamics of the stratosphere (8/96-6/98); Research Department of Meteorology, University of Edinburgh Edinburgh, Scotland Fellow UK Universities' Global Atmospheric Modelling Programme (2/94-7/96).

ali I. Hawkins Mitchell, PhD, LMHC, is a Certified Traumatologist, Licensed Mental Health Counselor, Business Consultant, Executive Coach and trainer and holds a Doctorate in Health Education and a Master's degree in Counseling Psychology. As the leading authority in the field of Emotional Continuity Management© and the author of Emotional Terrors in The Workplace: Protecting Your Business' Bottom
