

# International Recovery Forum 2009 - Building Back Better and Greener -

Barriers to Effective Disaster Assessment

the Return to Development including Environmental Concerns and Risk Reduction

**Ola Almgren**

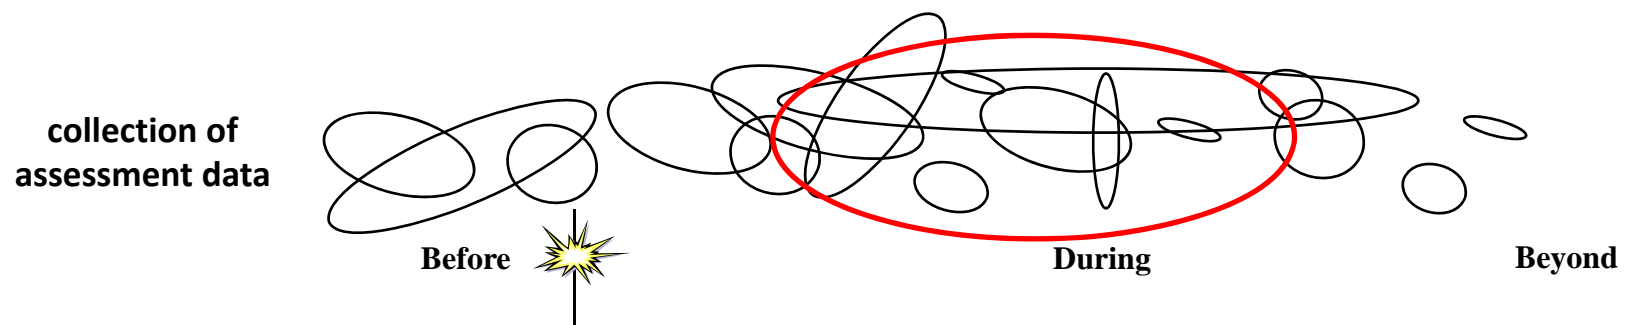

Senior Recovery Advisor

Bureau for Crisis Prevention and Recovery

United Nations Development Programme

## Challenges

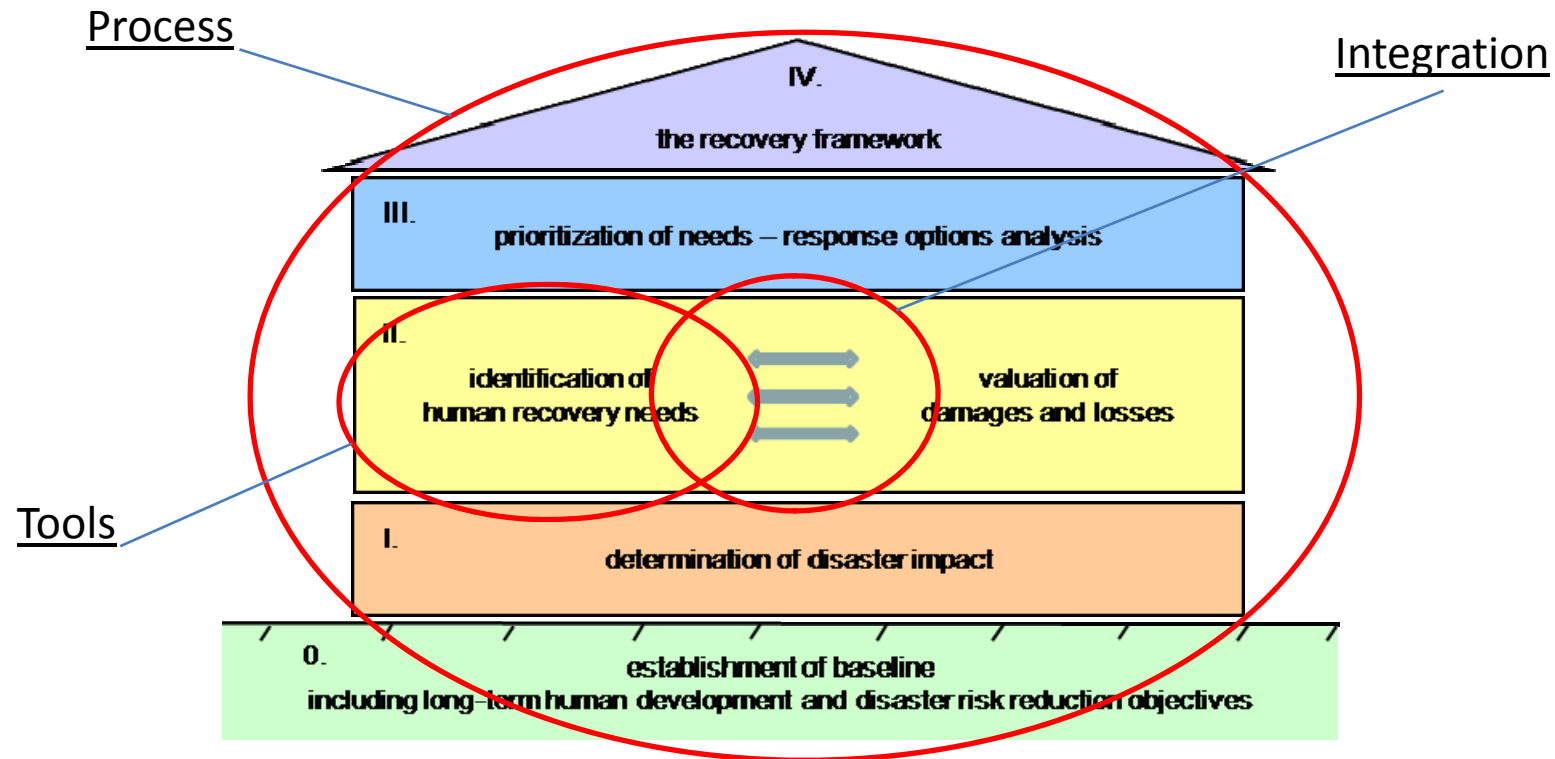

- Gaps
- Overlaps
- Disconnects
- Shift from emergency response to recovery
- From substitution to restoration of capacities
- Institutional capacities and dedicated resources
- Attention to Cross-Cutting Issues

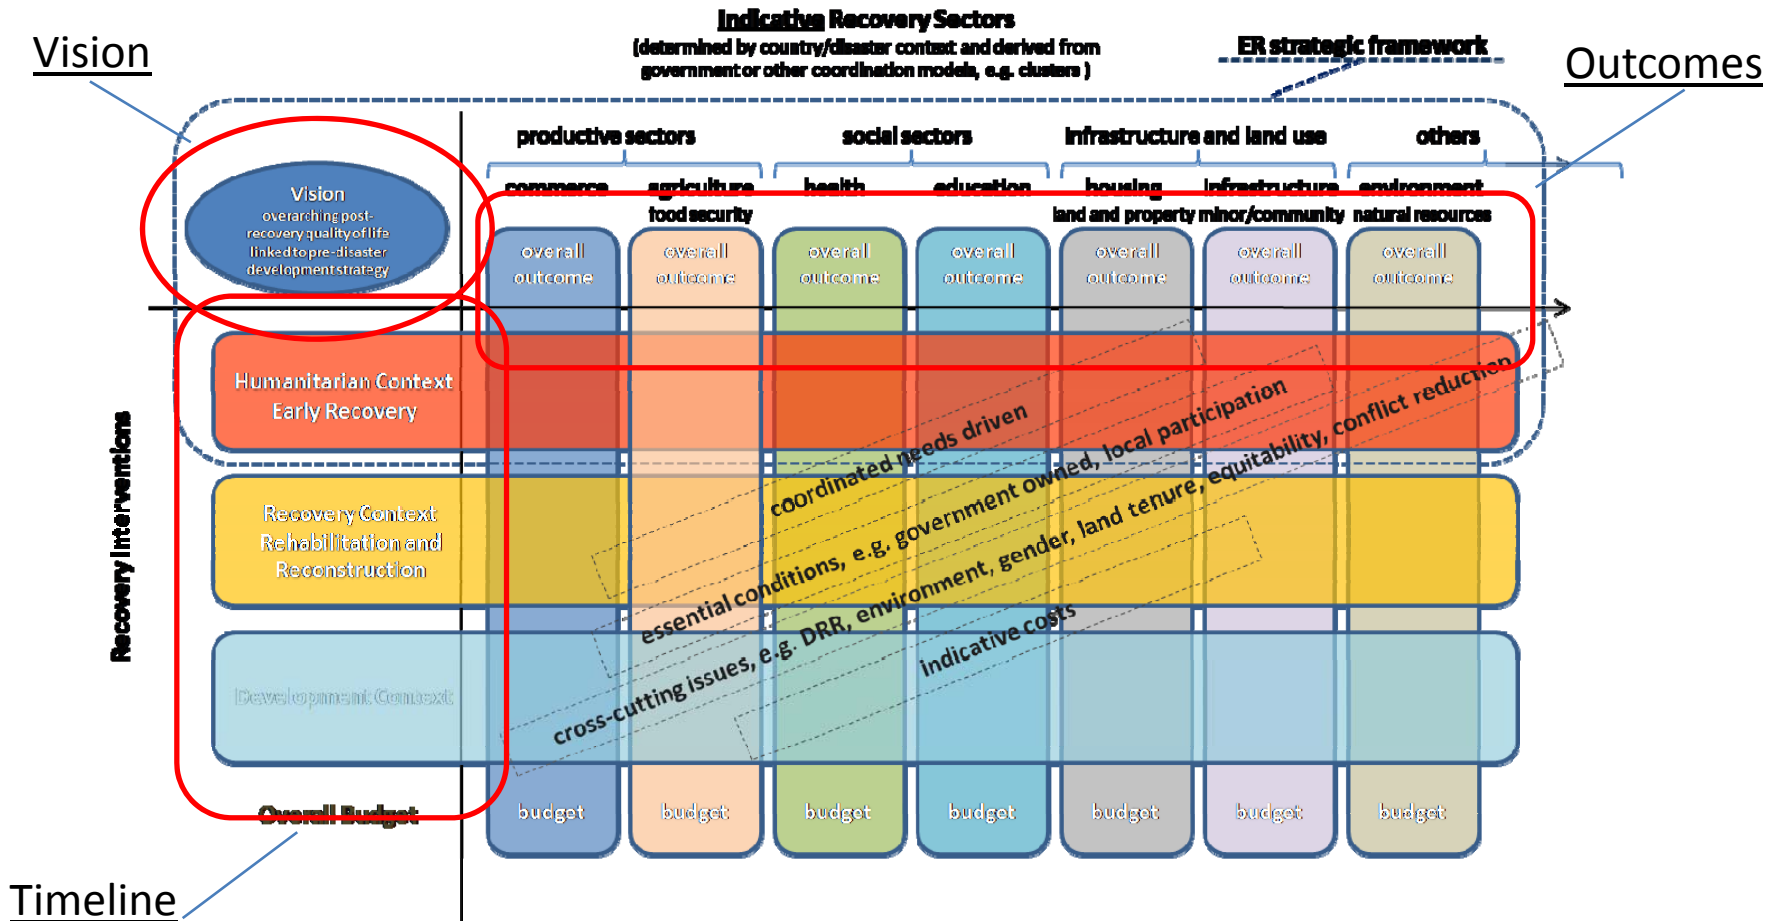

## Experiences - 2008

# The PDNA Project - Recovery Planning

# The Recovery Framework

## Conclusions

- Assessment as part of a planning process
  - tools and guidance
- Government Leadership – Community Involvement
- Pre-Disaster Capacities
  - legislation
  - institutional Arrangements
  - human Resources
  - financing
- From Emergency Response to Disaster Recovery - Shifting Gears
