

Senior Academy for Civil Protection – Public Drills and Exercises

The Senior Academy for Civil Protection has participated in several drills, exercises and operational devices, since 2014, as observers or assist with various logistical issues.

They participated in the following drills and/or exercises:

- **“AqualX”** – LIVEX exercise where they help with several logistical issues;

To help with logistics, they participated in the following events:

- **“Festas da Cidade”** – At events for the population of the city of Amadora, Agents from the Senior Academy help with food logistics for Civil Protection Agents, who are working at the same event.
